Sir:

In response to the Restriction Requirement mailed November 3, 2005, Applicant elects with traverse the tank and frame combination according to Figure 1 and the subspecies A, namely the frame assembly of Figure 2. It is Applicants belief that Claims 1-18 and 22-26 relate thereto.

Applicants respectfully traverse the restriction inasmuch as Applicants believe that Claims 1-18 and 22-26 are generic. Applicants directs the Examiner's attention to paragraphs (22) and (23) which show the teachings herein are equally applicable to

longitudinal and transverse beams. As such, Applicants believe that the restrictions between Species I and II is improper and unnecessary.
